Create your own apps and explore if you've got what it takes to be an entrepreneur.

Facebook has partnered with Apps for Good to offer an exciting new opportunity to 16-24 year olds.

We're offering a few select places on the official Apps for Good Facebook course that will introduce you to creating Facebook apps that solve problems in your community.

There's no charge for the course and you'll have support from leading Facebook technology partners like Techlightenment.

Find out more and apply

The course runs from the 15th May - 20th July 2012 at High Trees Community Development Trust, Upper Tulse Hill, SW2 2NS. The course runs all afternoon 4 days a week.

If you are between 16-24 years old and able to commit to 20 hours a week, you should apply now!

Application deadline is 27th April 2012.

What you can do...

- Learn how to take an app from idea to reality
- Find out if you've got what it takes to be an entrepreneur
- Learn and develop important business skills
- Meet high-profile technology industry professionals and entrepreneurs
- Pitch your App to Facebook staff at Facebook's brand new headquarters in London

The course

Once you've shown us your passion for social media, you can expect to learn the basics of web development, as well as more advanced coding such as PHP and SQL.

You'll be guided through the process of rapidly designing, creating, testing, releasing and evaluating your own Facebook app. Those who perform well will have the opportunity to meet some of the leading names in the UK technology industry.

You'll also learn important business skills, such as market research, pitching and networking.

Are you?

- Ages 16-24
- Living in London
- Able to commit 20 hours a week, (hard to do if you're in full-time work or education)
- Interested in building apps and learning to code
- Passionate about using social media to solve social problems

You'll get out what you put into the course. Successful candidates will need to:

- Be willing to put in extra hours if needed.
- Be able to take and give positive criticism.
- Be ready to commit to working for the full 10 weeks (4 days per week)

Partners

"The wisest decision I ever made, the help and support on the course was phenomenal."
- Ashley
